

CAMP PACKET INSTRUCTIONS!

Preparing:

Included on this CD is just about everything you will need to promote "on-site" camp and "special opportunities" and to register campers. So find a comfortable place, now...sit down... dream of summer and outdoor ministries and preview the contents of this CD!

Some churches have a person designated as "camp promoter" to provide this leadership. If you don't have one, you might designate one! In other churches, the pastor or youth sponsor or youth minister can do it!

Promoting:

Campers:

Check out all the nifty ideas suggested... maybe invent some of your own... mark your plans on a large calendar! Use the PowerPoint Show on the CD to get people excited about camp.

Counselors:

We always need adults who are maturing in their faith, enjoy children and/or youth, and who work well with others - to be camp counselors! Special video for them! "Planting Seeds" explains camp counseling. Counselor application forms are available on this CD or from www.indianadisciples.org. For the video, contact the Indiana Regional Office (317/926-6051). Please plan and schedule well in advance!

Registering:

- Please follow grade levels and ages as designated.
- Registration forms can be printed and copied from CD or downloaded at www.indianadisciples.org.
- **Register early!** When camp capacity is reached, additional registrations are placed on a waiting list--whether deadline reached or not.
- ****Note registration deadline—"Early Bird" discount on all registrations received by May 15.**
- Please work with your own congregation to develop, publicize, and grant camp scholarships. Limited scholarship assistance is available through our region, but local churches need to be primary sources. For further information and consultation about regional scholarship possibilities, please contact Carolyn Reed, Associate Regional Minister, 317/926-6051 or carolyn@ccindiana.org.
- Every registration must have the minister's signature, as well as the camper's and parent/guardian's signatures.
